Updated for 2013

PROGRAM INFORMATION

The Junior Beach Patrol program offers children aged 10 - 17 the opportunity to experience the training and daily routine of real lifeguards. We call them "Surf Rescue Technicians" (SRTs).

The Junior Beach Patrol Program models itself after the duties and responsibilities of SRTs and focuses on the development of skills associated with the enjoyable and safe use of the beach environment. It is designed to instruct boys and girls in the skills and techniques of beach safety, water safety, surf rescue and physical fitness.

The Junior Beach Patrol is a **National Award-Winning Program** that will not only educate and train participants in open water rescue techniques but may also lead to future employment opportunities once certain criteria are met.

All Beach Patrol members are drug-free and serve as positive role models in the community. Every session of Junior Beach Patrol is staffed by OCBP personnel trained in open water rescue. Each Junior Beach Patrol Instructor has completed beach patrol sponsored training for teaching the skills and information offered in this program. Safety has always been, and will remain the focus of the Ocean City Beach Patrol. To that end, the Beach Patrol strives to maintain a five to one ratio of participants to instructors.

PROGRAM OPTIONS

Option 1: Our One-Day Clinic

The One-Day Clinic is an exciting opportunity to get a taste of what our full session has to offer. Participants will meet with Beach Patrol staff, learn about the job of the SRTs, receive training in Beach Patrol protocol and get to use some of the equipment utilized by Surf Rescue Technicians. Participants can also look forward to physical conditioning and learning semaphore, the lifeguard flag signals.

The One-Day Clinics are offered on Thursday afternoons from 1:00 to 5:00 P.M. These are great opportunities for those who come to Ocean City and want to experience something that not many people ever get a chance to do. The One-Day Clinic is designed to be an easy addition to an already-planned vacation.

Option 2: Our Four-Day Academy

The Four-Day Junior Beach Patrol Academy is an awesome opportunity for youth to grow in knowledge of the duties and responsibilities of Surf Rescue Technicians. It gives

participants the chance to exercise as the lifeguards do, learn about the ocean, currents and weather conditions, use rescue equipment, enter and exit the surf "professionally", as well as participate in competitions and graduation ceremonies on the beach. It is lots of fun!

The four-day morning academies are offered Tuesdays through Fridays beginning at 8:00 A.M. and ending at 11:30 A.M. The four-day afternoon academies are offered Tuesdays through Fridays from 1:00 P.M. to 4:30 P.M. The majority of instruction

takes place on the beach by the water's edge between the Wicomico Street Pier and North Division Street. This is a great

opportunity for anyone who likes to swim and run, and who may consider working for the Ocean City Beach Patrol in the future. The Junior Beach Patrol program continues to produce graduates who become Surf Rescue Technicians.

GOALS & OBJECTIVES

- **Have Fun Learning**
- **Promote Personal Responsibility**
- **Develop a Better Understanding of Beach and Water Safety Techniques**
- **Heighten Public Awareness and Education of Beach Safety**
- **Improve the Health and Fitness of Each Participant**
- **Encourage Good Sportsmanship, Team Unity and Discipline**
- **Prepare for Future Surf Rescue Employment**

NUMBER OF PARTICIPANTS

Each clinic and academy has a maximum enrollment of 30 participants. This limit has proven to be the most effective in maintaining safety, affording time for efficient use of equipment and is appropriate for the competitions held at the conclusion of each session.

LOCATION

Each clinic and academy initially meets at Beach Patrol Headquarters, located at 109 Dorchester Street in downtown Ocean City. From there, participants will be taken to the beach directly east of the Boardwalk between the Wicomico Street Pier and North Division Street.

Many families make it a day at the beach, and enjoy watching their children participate and practice the skills of lifeguarding.

REGISTRATION

All registration for clinics and academies is on a first come - first served basis. We do, however, maintain a waiting list should there be a late cancellation. The Recreation Department can take reservations months in advance. So register early and plan your vacation around this incredible experience. All monies are due at the time of registration and a signed hold-harmless waiver is collected. We also ask for participant tee shirt sizes so that we can order appropriately.

OPPORTUNITIES TO COMPETE

The Junior Beach Patrol affords all participants the opportunity to compete against other JBP members at the end of each academy. A select team of Junior Beach Patrol participants may compete in local, regional and national competitions.
