DESCRIPTION OF BEST MANAGEMENT PRACTICES and  
CONDITION OF PERMIT

1. Have a current Ocean City Business license # \_\_\_\_\_
2. With owners permission use the sanitary sewer clean out on site when ever possible.
3. Drain water toward pervious surface where possible on property. No water is to drain to a city street, sidewalk, improved alley, storm drain or directly into the bay water.
4. The discharge water must be filtered of debris and sand and meet all other requirements listed in the City Code in section Sec. 94-64 and Sec. 94-66
5. Be aware of the Material Data Safety Sheet for all chemicals, detergents, cleaners, etc. used in your daily operation..
6. Insure all employees know of these BMP's and are using them.
7. \_\_\_\_\_
