OCBP Question-of-the-Week for The Worcester County Times

Last Week's Question: What are the rules as far as what you can and cannot do on the beach?

The beach patrol is responsible for maintaining a safe, secure and enjoyable atmosphere on the beach and in the ocean. The surf rescue technician on the stand carries out this responsibility by informing the public and enforcing applicable rules, laws and local ordinances. Basically the Ocean City Beach Patrol regulates all beach activities.

For your protection and safety, the activities below are either Prohibited \emptyset or Regulated R on the beaches of Ocean City.

- \emptyset Consuming alcoholic beverages (24 hours a day all year long)
- \emptyset Allowing dogs on the beach (May 1 – Sept 30) (24 hours a day including the boardwalk)
- \emptyset Sleeping on beach (10 p.m. – 6 a.m.)
- \emptyset Using a skim board after 10 a.m and before 5:30 p.m.
- \emptyset Bringing glass containers onto the beach
- R Starting open fires on the beach
- R Playing loud music

These activities are under the discretion of the beach patrol:

- BP Ball playing and Frisbee throwing (never in front of guard stands)
- BP Umbrellas placement beyond established line (never in front of guard stands)
- BP Kite flying
- BP Digging holes in the sand (never deeper than knee deep)
- BP Fishing while the OCBP is on duty
- BP surfing in designated areas only

We would like to suggest that you always follow these safety tips:

- Parents should monitor all activities of any children they are responsible to make sure they remain safe at all times and don't become lost.
- Apply sunscreen liberally and often.
- Drink plenty of water.
- Wear eye protection.
- Establish and check landmarks.
- Keep valuables off the beach.
- Please put trash in its place.
- No glass containers please.
- And finally, take seriously the warning of the SRT when storms are in the area. The Ocean City Beach Patrol is in constant communication with the National Weather Service. When instructed by beach patrol personnel, please secure your belongings and leave the beach immediately for your safety and ours!

If you have a question, please ask. If you see an inappropriate or unsafe situation, please bring it to the attention of the SRT. To get current information about the beach patrol as well as daily stats and current beach conditions, you can follow the beach patrol on Twitter or "like us" on the Official OCBP Facebook page. We can't wait to be a part of your wonderful experiences in Ocean City, because we are glad you are here, and always remember to "Keep your feet in the sand until the lifeguard's in the stand!"

This Week's Question: When I came to the beach last year around this time, the lifeguards were not allowing any swimmers in the ocean at all one day, yet I saw surfers out in the ocean. The weather seemed like it was a great beach day and I was surprised I wasn't even allowed to go wading. Why?

This is the time of year that Ocean City experiences an increase in the volume and size of waves due to tropical activity in the Atlantic. August and September are traditionally our large surf months, producing larger waves, dangerous rip currents and hazardous shorebreak. Larger waves bring more water into shore, which has to escape out through the rips, meaning that rip currents become larger, longer, faster moving and deadlier. As these systems move closer to our coast, the impact becomes greater and the potential for dangerous conditions becomes more likely. The weekend that you are referring to from last year had a high tide, which occurred at 10 a.m. We had 4-6 foot wave height with an occasional 8-foot swell breaking right on the beach called shorebreak. As a result it was unsafe for anyone to be in the impact zone (wading to waist deep). Additionally, as the tide receded going to low this is the perfect recipe for the most dangerous rip activity. For this reason there was no safe area for the general public to enjoy the ocean except for the pools of ocean water that became trapped on the beach (tide pools).

Tide pools are a result of the extreme high tides when large pockets of water are left pooling or trapped on the beach. Although the amount of water may vary from a few inches to a few feet deep and the size may be as small as a backyard pool or as large as several city blocks, most tide pools are only a few inches deep and less than a block long. Because of the relatively small quantity of water, the sun heats it and it is much warmer than the ocean and it usually has no wave action, making it very inviting. So even though the ocean was closed to swimmers for one day, many people came to the beach and found a tide pool that they could play in.

Surfers and experienced body boarders with swim fins were allowed in the ocean on that day because the equipment used for these sports gives flotation and the people who usually have this type of equipment are far more experienced. The extra flotation makes it safer for these individuals to enjoy their sport while providing additional assistance should a beach patrol disregard the warnings of the beach patrol and find themselves being pulled away from the beach in a rip current. Typically surfers and body boarders have the experience and skills to keep themselves out of danger compared to the typical tourist who buys a boogie board at a sundry shop and has little to no knowledge of the ocean. Note: At 7:15 p.m. on the day after the day in question (ocean closed to swimmers) three children who were allowed to go swimming with parents watching from the beach were suddenly pulled into deeper water and were unable to return to safety. Fortunately an alert surfer in the area recognized the developing situation and was able to paddle into the deadly rip current and place two of the struggling children on his board and assisted the third out of the rip current and eventually made their way back to the safety of the shore. Parents, please do not let your children go swimming in the ocean when guards are not on duty.

**Keep your feet in the sand,
until the lifeguard's in the stand!**

DO NOT FORGET THE BEACH PATROL WHEN YOU MAKE CHANGES

If you make any changes in the contact information that you have on file with us, it is your responsibility to let us know. If this coming season is as we predict, we will not be allowing personnel to return who have missed deadlines. Having mail returned or lost in forwarding may cause you to miss an important deadline.

E-mail – With free accounts and school accounts that are often changed you need to let us know immediately. We use e-mail to keep everyone informed of events and activities as well as confirming information and to get out quick updates.

Winter address – This is used to send U.S. mail such as newsletters, incentive checks, invitations to return, and other paperwork.

Permanent address – This address is not used by the Beach Patrol but is used by the Town of Ocean City to send tax information (W-2).

Follow the OCBP on Twitter!

If you send a text message saying "Follow OCBP_HQ" to 40404, the tweets will appear as text messages on your cell phone. Tides & surf beaches go out prior to 1000hrs daily. You can also tell beach patrons. Even if they don't really use Twitter, they can still get the messages on their cell (TXT rates apply).

OCBP Surf Rescue Association – Price List

- Classic Grey or White Ringer T-Shirts-navy collar \$10.00
- Grey T-shirts-\$10.00

Important Notice

Please note the dates and times of the remaining weekly meetings and adjust your calendar accordingly.

Monday, August 22
Convention Center—0800hrs

Monday, August 29
Convention Center—0800hrs

Monday, September 5 (Labor Day)
Convention Center—0800hrs

Tuesday, September 6 (Start of Fall Patrol)
HQTraining Room—0830hrs

Beginning on Sunday, September 11, the weekly meetings will move to City Hall on Sundays.

Sunday, September 11
City Hall—0830hrs

Sunday, September 18
City Hall—0830hrs

Sunday, September 25
City Hall—0830hrs

Please note the important end of the season information in the boxes below.

Important Notice Regarding Leaving Early

As Captain informed you at the Monday meeting on 8/8/11, anyone who leaves earlier than the date which he/she originally provided will be considered as quitting without notice and will be required to return ALL OCBP issued uniform and equipment items, including bathing suits, hats, whistles, and ID cards. Any items not returned will be deducted from your final paycheck, and your direct deposit will be cancelled until we have verified that you have satisfied all debts with the OCBP and the Town of O.C.

Equipment Turn in Procedure for Full Time Changing to Part-Time

If you live more than 30 miles away, you are required to turn in all equipment once you end your full-time position (available 7 days a week). If you are working part-time after this time, you will pick up equipment before you are scheduled for duty.

Employee Evaluations – Not the Entire Picture

Although having satisfactory evaluations is very important, they are only one aspect of each person's summative performance rating. Employee commendations, incidents, responsibility for equipment, amount of time worked, amount of time taken off, fulfilling work agreement, and last day worked are all considered by the review panel. Only once a full and complete assessment is made will a final recommendation be made to the Captain, regarding an employee's status for the next season.

Crew Chief Equipment

All issued equipment must be returned on your last day. Equipment that is given to you does not need to be returned: collared shirt, jacket, bathing suits, whistle, and hats. Once all equipment is accounted for, you will be immediately reissued equipment that is necessary for participation in the winter testing program. If you do not plan on becoming involved in the off-site tests, then you will not need to be issued any additional equipment. As with all employees, a crew chief who leaves without completing his/her commitment will be required to return ALL equipment that was given by the Beach Patrol. The purpose of this policy is to have an accurate inventory and to minimize the loss of equipment should a Crew Chief decide not to return in subsequent years. Any and all equipment not returned will be deducted from your final paycheck.

Request for Recommendations

Between seasons, I am often asked to complete references and recommendations. If you need me to provide something like this for you, I ask that you make the request in writing. In that request you should give me any information that will help me in giving you the best possible recommendation. I will need to know whom it goes to and if there is a particular format or form that is required. It will also be helpful to remind me of some of the Beach Patrol activities that you have been involved in, such as JBP, Camps, special duties, etc. I also will need a fair amount of lead-time since personnel files are secured in Ocean City while I am in La Plata. You may send your request by e-mail or if you are required to mail to a physical address, you may use:

Captain Butch Arbin
134 West Quail Lane
La Plata, Maryland 20646

OCBP License Plates

Listed below are the guidelines for receiving these special logo plates

*Your vehicle must be registered in Maryland.
Pick up the MVA form VR-124 from Captain Arbin.*

Fill out form completely.

Attach a check made payable to the Ocean City Beach Patrol Surf Rescue Association (OCBPSRA) for \$50.00. This is a one-time fee and will not be charged again.

If you are requesting a specific number, make sure it is still available.

Return form to Beach Patrol Headquarters. Do not send or take to MVA—the form needs an authorizing signature to process.

Once the VR-124 form and check have been received, it takes 4-6 weeks to receive the tags. They will be mailed to the address on your registration.

In the future, you will receive the regular tag renewal application directly from the MVA every 2 years.

Dive News

Dive Certifications Still Possible For This Season!

Through September, Advanced Open Water Certification and Open Water Certification is available.

For people holding Advanced, Rescue Diver Certification is also available.

Upcoming Events

Oyster Dive, Eastern Bay October (TBD)

National Aquarium Fish Feeding Dive, Baltimore TBD

Two-Day Guarding Weekend/Evening Dives, Ft. Lauderdale, FL—April 21-22, 2012

Contact Unit 13, Sgt. Falcon ASAP if you are interested.

Dear Colleagues,

Some of your fellow employees have been participating with me in the Repositioning Work Group over the last several months. Our efforts have produced consensus on the two most important positions we can take as an organization to be aligned with what our customers and stakeholders expect from us. The importance of these positions to the public has been confirmed in a survey we recently conducted among a group of our core customers.

We developed a clear internal statement of our two selected priority positions. We then developed an external slogan and logo that conveys those positions to the public. We believe these positions are consistent with the Mission and Values we have embraced for Ocean City Recreation and Parks.

Our first position is one that we have consistently pursued in the past and will continue to be committed to in the future.

“To attract visitors to our Town, Ocean City Recreation and Parks offers unique, safe and entertaining programs, events and facilities.”

This position is expressed to the public with the following message:

Our second position is equally important to us but one that we may not have fully advanced in the past. This position will require more focus and coordination as we commit more resources to it in the future.

“To promote healthy lifestyles and improve community health, Ocean City Recreation and Parks provides opportunities for active living through diverse offerings of programs, facilities and natural settings.”

This position is expressed to the public with the following message:

This newest of public messages about our commitment to promoting a healthier community will be communicated to the public via the upcoming issue of *Splash!* scheduled for distribution in August.

I believe we all have an important role to play in the advancement of these two positions. I sincerely hope that you will join me and your fellow workers and volunteers to embrace these two positions and incorporate their message in our contacts with our many customers, visitors and stakeholders. Thanks for your cooperation and support in this effort.

Sincerely,

A handwritten signature in black ink that reads "Tom Shuster".

Thomas J. Shuster, CPRP, Director
Ocean City Recreation and Parks

Order your long sleeve shirt today for only \$15!

If you would like to order a long sleeve “Ocean City Beach Patrol Best Under the Sun” shirt please fill out the bottom of this form and return to me by Wednesday August 24th!!! Check or cash only!!!
